The insured person is aware that

- this application becomes effective three months before the retirement date and cannot be revoked.
- if voluntary deposits have been purchased, the resulting benefits cannot be withdrawn as a lump sum in the following three years (art. 79 para. 3 BVG); the amount paid in for such deposits, including interest, must be taken as a retirement pension.
- a lump-sum payment of part of the retirement capital reduces the retirement pension proportionately to the amount withdrawn. The spouse's pension is 60% or 100% of the current retirement pension at the time of death (SVE Pension Fund Regulations art. 35 para. 1 with reference to Pension Plan).
- a payout of all retirement capital in cash (lump-sum payment) instead of a retirement pension excludes all further claims on Sulzer Vorsorgeeinrichtung.
- the SVE Pension Fund Regulations and Pension Plan applicable at the retirement date are authoritative.
- SVE does not clarify the tax implications of a lump-sum payment. It is up to the insured person to obtain independent advice in good time and to clarify the situation with the responsible Swiss and/or foreign tax authorities; the insured person bears liability for tax claims. SVE does not accept any responsibility for tax implications.

Mandatory for lump-sum payments of CHF 20,000.00 and above

- Marital status Married, registered partnership
