Supplement for our English-speaking policyholders

EDITORIAL

Dear SVE policyholders

We have now launched the mypkSVE policyholder's portal and recommend that you register online as soon as possible. We are keeping up with the times by offering you this cutting-edge new service, which will make it easier for you to contact us.

Just a click away!

To learn more, please read the article on the right. You will find instructions on how to register on page 2.

SVE DIGITAL

The SVE's mypkSVE portal for policyholders – just a click away

Digitisation is also rapidly making inroads into the realm of occupational benefits, reflecting policyholders' changing needs and enabling the SVE to offer additional services. Thanks to the **mypkSVE** policyholders' portal, applications that traditionally had to be submitted using paper forms can in future be conveniently handled in a few quick, secure clicks. This will make it easier both for policyholders to submit their enquiries and for SVE employees to process claims, thus enabling them to invest more time in providing important, personal advice. For further information, please see page 2. ■

LINK OF THE MONTH

Register for mypkSVE

Save yourself time and paperwork: our mypkSVE portal keeps you securely in touch with us on line, enabling you to order your insurance certificate, for example, to calculate your potential voluntary contributions, or submit an application to change your savings plan.

We look forward to your online registration!

FOKUS

Our new mypkSVE policyholders' portal

The new mypkSVE policyholders' portal gives you access to your personal insurance documents at any time, as well as enabling you to contact the SVE more quickly.

In order to make a voluntary contribution to the pension fund, for example, you hitherto had to complete a form by hand and enquire about your maximum possible contribution. Now you can use the new mypkSVE portal to obtain an overview of your personal insurance cover. Take the first step and register via the www.sve.ch website, following the three steps shown in the chart. For security reasons, we will then send you a registration letter with a password so that you can complete the registration. The SVE plans to continue to expand the functions available on the mypkSVE portal. ■

FUNCTIONS AVAILABLE ON MYPKSVE

- Calculate insurance certificates for an optional date and gain immediate digital access to your documents.
- Calculate your potential voluntary contributions and submit your contribution application directly on line.
- Submit your application for a change of savings plan directly on line.
- Gain access to your personal insurance documents at any time.

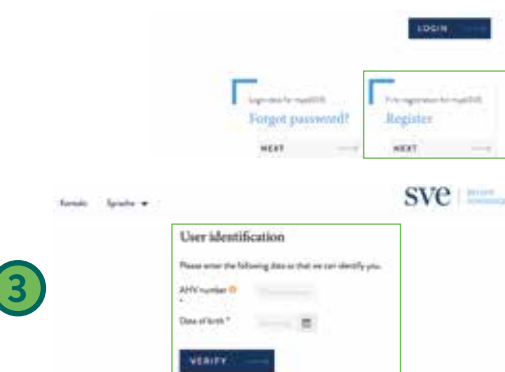

THREE-STEP REGISTRATION

Step 1 Visit www.sve.ch Click on mypkSVE in the upper, dark-blue bar.

Step 2 First, select your language. Scroll right to the bottom of the mypkSVE page. When you reach the **First registration** box, click **Next**.

Step 3 When you **register as a user**, enter your **AHV number** (which you will find on your insurance certificate or health insurance card) and your date of birth. Click **verify**.

➤ You will then receive a letter, sent to your private address, containing your password. You can register on the mypkSVE policyholders' portal by entering this password and your AHV number.
