

Important!

Safeguard your Partner

Do you cohabit with your partner?

Be sure to include your partner in your insurance policy. Unlike married couples, **cohabiting partners must actively register their partnership with us.** Otherwise, your partner will be unprotected and not receive any financial benefits in the event of your death.

Especially in the case of joint children or joint property, this can have dramatic consequences.

Registration is easy. Simply contact kundenberatung@sve.ch, and we will send you the relevant forms.
